SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT TRANSMITTAL

Commissioner for Patents:

In accordance with 37 CFR 1.56 and 1.97 through 1.98, applicants wish to make known to the U.S. Patent and Trademark Office the reference set forth on the attached Information Disclosure Statement (IDS). Copies of cited U.S. patents and published patent applications are not required and accordingly have not been provided. Copies of any other cited references are enclosed. As to any reference cited, applicants do not admit that it is "prior art" under 35 U.S.C. §§ 102 or 103, and specifically reserve the right to traverse or antedate any such reference, as by a showing under 37 CFR 1.131 or other method. Although the aforesaid references are made known to the Patent and Trademark Office in compliance with applicants' duty to disclose all information they are aware of which is believed relevant to the examination of the above-identified application, applicants believe that their invention is patentable.

It is believed that the JP reference listed in the enclosed IDS is not material to the patentability of the claims, but is nevertheless being submitted for consideration herewith out of an abundance of caution, so as to further meet the duty of disclosure. It is requested that the Examiner consider the JP reference and make the JP reference of record by returning an initialed copy of the enclosed IDS along with the next communication. If the Examiner is not inclined to consider and make the JP reference of record, the Examiner is kindly requested to please at least include the JP reference and this IDS in the file of the present application.

Please acknowledge receipt of this Information Disclosure Statement and kindly make the cited reference of record in the above-identified application.

Applicants believe this Information Disclosure Statement has been timely filed, however, the Director is authorized to charge any fee due by way of this Information Disclosure Statement to our Deposit Account No. 19-1090.

Respectfully submitted,

Seed Intellectual Property Law Group PLLC
